**Connecting Global Patients, Healthcare Investors, Hospitals  
and Strategic Medical Partnerships**

**Global  
Summit**

**International  
Healthcare Expo**

**Hospital & Wellness  
Ecosystem Visits**

## About the Summit

The global healthcare landscape is undergoing a profound transformation driven by rising treatment costs, increasing demand for specialised medical services and rapid technological advancements in healthcare delivery.

In this evolving environment, Medical Value Travel (MVT) has emerged as one of the fastest-growing segments of the global healthcare economy. Patients are increasingly seeking high-quality treatment, advanced medical technologies and integrated recovery experiences across international borders.

India has rapidly established itself as a preferred destination for international patients, offering a unique combination of clinical excellence, affordability, world-class hospitals, globally trained medical professionals and internationally respected wellness traditions.

The Global Medical Value Travel & Healthcare Investment Summit 2026 will convene leading hospital groups, healthcare investors, policymakers, insurers, medical tourism facilitators, global health organisations and international patient networks to explore opportunities for cross-border healthcare partnerships, investment and patient mobility.

The summit will serve as a strategic global platform connecting international stakeholders with India's rapidly expanding healthcare and wellness ecosystem, while promoting new collaborations in healthcare infrastructure, medical tourism and healthcare innovation.

# “ Why India for ”
